Mr. Paramel Ipe Ipe *(Kunnamkulam):* If there is no tax to be levied on raw arecanuts why should there be any restriction for transporting them from one place to another ?

APPENDIX II

(Please see question No. 105)

Copy of petition from Mr. P. Ramanatha Menon

"I have received a letter dated nil from one T. Ammukutty Puduvalsiar and Head-mistress stating my child Sulochana has been transferred with effect from the 9th Mithunam to the Branch School, at Pushpagiri. I may inform you in this connection that the said school is very distant from my house at Thiruvambadi. Even the present school is fairly away and so the girl is not going to my house to take her noon meals and I am arranging to send it there or she takes it with her in the morning. I have serious objection in this transfer as the distance to the proposed school is double that to the present one. I presume that the new school is intended for the students at Pushpagiri and not at Thiruvambadi. I would therefore, request you to see that the girl is retained at the present school, itself. It was not proper to have made such a change without consulting the guardian of the student. This difficulty could have been pointed out and explained if it was done earlier. Any way I am unable to send my girl to the present school. If you cannot retain her in the present school, you may give me her transfer certificate and I shall admit her in some other school next. I hope you will not try to waste one year of the child. Please therefore do the needful and oblige".

Copy of petition from Mr. A. Chinnaswamy Chettiar

"I admitted my daughter V. Vasantha in First Class during this year. Now I understane that she is to go to the class to be held in Punkunnam (Pushpagiri school). This is a hard casd. She is yet 5 years old and I am residing in Naickanal and in her young age to go to Punkunnam will be a hard case not only to walk but also for meals. The parents here and the child away at Punkunnam all day can be imagined. So I request you to kindly see a way to retain her in this premises only as it will help the child, the family and all.

I trust that this will receive your kind attention and making arrangements to such all".

Copy of petition from Mr. T. K. Subramania Ayyar

"My grand daughter K. Bhagirathy was admitted to Class I of your school this year on the re-opening day. . Now I am asked to send her to Punkunnam Branch. In the admission application form her place of residence was noted as Thiruvambady. Though her permanent residence is there she is living with me in House No. XXIV/253 in the Paliam Road, and it was I who got her admitted thereon the re-opening day. "She is a motherless child". She is five years old and Punkunnam is too distant for her to walk. About a dozen children of my neighbouring houses go to this school. She goes along with them. Unless you are pleased to grant this request of mine, she will have to discontinue her studies. Kindly allow her to continue in the Trichur School itself. On personal representation being made to the Headmistress by her father Sri. K. Krishna Moorthy, he was told by the Headmistress to approach you in the matter. Hence this request.
